

# Pixel Plus Hackathon

## Official Rules & Guidelines

**Submission Link:** <https://form.typeform.com/to/IJqN5mmS>

**Goal:** Replicate a web app from an existing website, code it to pixel perfection, and **add something NEW!**

### Prizes\*

- 1st Place: **M4 MacBook Pro**
- 2nd Place: **PlayStation 5**
- 3rd Place: **Ray-Ban Meta Glasses**

\*Freelance work opportunities for the top 1% as well! 🎉

### Important dates

- **Submission Deadline:** Sunday, April 27th 11:59 PM PT **(extended to next Sunday!!)**
- **Winners Announced:** After Tuesday April 29th

### Website Database (Pick from this list)

Choose any site to make from our collection of sites 

 Pixel Plus Hackathon 2025 - Website List ([link](#))

### Submission Requirements

- Submit up-to 5 submissions ie 5 max. per person (must use a different site for each)
  - Submit 1 minimum but to submit more than 1 entry please submit the form multiple times
- All submissions must be implemented as functional web app
  - The entire code must be contained in a single HTML / webpage
  - You don't need a back-end and can use fake/mock data
- You must resemble **the original site as closely as possible**.
  - Fonts, spacing, layout, colors, number of elements – it all matters
- You must **add something new** to the site you are replicating

- This could be a feature, component, any change that would make the site better
  - The more complex the better!
- All submissions must include a link to your web app (ie host it Vercel, Github Page etc)
  - We need to test it!
  - Finalists will have to share a link to their Github repo (ie verify you built it)
  - If there is a tie between Finalists for a prize, code quality will determine the winner
- Submit via the official form: <https://form.typeform.com/to/IJqN5mmS>

## Eligibility:

- Open to individual participants worldwide but some country restrictions apply (see [Community Guidelines](#))
- All skill levels welcome
- You must be 18 years of age or over

## Allowed Tools & Resources

- Using LLM-powered code editors/IDEs (GitHub Copilot, Cursor, Windsurf) is permitted
  - Do not exclusively use LLMs and No-Code Ai tools to generate the site - you will have to provide a Github link to the site
    - Tools like Loveable, v0 and Replit Agent that produce fully no-code apps are not permitted

## Judging Criteria

- **Visual Accuracy:** Fonts, colors, layout matching exactly
- **Completeness:** Every icon/button present, nothing missing visually
- **Functionality:** All interactive elements work as expected
- **New Enhancement:** Update the website in some way via a new component, feature, etc
  - The more complex your addition is the higher score you will get!

## Common Errors to Avoid

- Visual element mismatches
- Missing interactivity
- Partially missing UI sections
- Icon or layout difference

## Terms and Conditions

- By submitting an entry, you agree to our [Terms of Use](#) and [Privacy Policy](#)

- All submissions must be respectful and no offensive material
- You grant organizers the right to showcase and share your work
- If prizes are unavailable in your region you can choose another prize of similar value
